West Jasper Stampede Provides Thrills

HIDE 'EM CLOWN was theme at West Jasper Place as stampede opened yesterday with a bang for Ed. Cooke. Fifteen seconds after shot was taken, clown was picking himself off the ground feeling for bruises.

Sunny weather brought a capacity crowd to West Jasper grounds to see exhibition of saddle and barback rough riding and jumping but rain later cancelled many events.

Thousands Enjoy Holiday In Spite of Local Rains

Miner Killed At Bellevue

BLAINMORE, Alta., May 25.—(CP)—Tony Skieria, 38, was fatally injured in an accident in the Bellevue mine Monday. He was crushed in a haulage mishap, the first fatal accident in the mine in five years.

Taken to Crow's Nest Pass Municipal Hospital at Banff where he was pronounced dead on arrival.

The inquest will be Wednesday night.

Born at Frank, Alta., he is survived by his wife and young son, Bellevue; his mother, Mrs. G. Skieria, Bellevue; three brothers and four sisters.

Option Given on Land For \$8 Million Hotel

Six months option was given John C. Boright, Montreal, by city council Monday night to purchase property on the city centre as site for the \$8,000,000 hotel to be erected by Glenfleur Development Co.

Aldermen granted the option request when informed that a firm option agreement was necessary to completion of financing negotiations.

The option is for a six months period, and the purchase price of the property is set at \$10,000. Consideration given for the option is one dollar.

CASH PURCHASE
The purchase price of the property is to be paid in cash at time of acceptance of the option and signing of the agreement for sale.

Purchaser of the property by way of guarantee will place a credit of \$2,000,000 in an Edmonton chartered bank at the time construction of the hotel commences.

This credit will be used solely in payment for work on construction. Payment out of the \$2,000,000 credit will be made on progress estimates submitted to approval of city commissioners.

MUST BE FOR HOTEL
Aldermen accepted the option proposal, in view of the urgent necessity for hotel accommodation in the city. They placed safeguards in the instrument to prevent the property being used for purposes other than the site for the proposed hotel.

Infant Cheats Death In Bush
ALONSA, Man., May 25.—(CP)—Perry Tucko, 11-year-old son of Mr. and Mrs. Peter Tucko, yesterday was found wet and shivering with cold near his father's farm house by neighboring farmers and RCMP who had been hunting for him since Monday night.

Alonza is 100 miles northeast of Winnipeg. He was found wide-eyed but unafraid when found, having been missing in dense bush country for 12 hours.

SNOW SPOILS VICTORIA DAY

TIMMINS, Ont., May 25.—(CP)—Residents of the northern Ontario gold mining town celebrated Victoria Day by celebrating yesterday.

Snow fell from early morning until late afternoon.

NO IMPORT RESTRICTION?
ATLANTIC CITY, N.J., May 25.—(AP)—This resort, accustomed to inviting pretty girls to its Miss America pageant, today was asked to send one of its beauties to a Canadian contest.

Erie Dennis of Halifax wrote Mayor Joseph Altman inviting the city to send a girl to compete for the title "Miss Atlantic."

Those daring enough to brave cool breezes and risk occasional showers went to three city swimming pools.

But inclement weather kept crowds well below the normal holiday average.

All city golf courses were well booked for tournaments and competition.

Hundreds motored out of town to beach resorts for picnics. Seba beach, Alberta Beach, Pionon Lake and Sylvan Lake were crowded with light-hearted holidaymakers who wound up the evening by dancing.

Burmese Victory Forecast By Ali
CALCUTTA, May 25.—(CP)—Mohammed Ali, Pakistan's former boxer champion, today predicted the Burmese government will successfully suppress insurgents within six months.

Ali is to leave for Canada as Pakistan's high commissioner to the Dominion.

Robster Shot
FAIRFIELD, Ill., May 25.—(AP)—Earl Snelton, thief of five brothers involved in southern Illinois mob wars during the prohibition era, was shot in the back and severely wounded last night.

FOZZY WUZZY HITS NEW YORK
NEW YORK, May 25.—(UP)—A burlesque troupe called Fuzzy Wuzzy in a blue wetsuit, G.I. bob and wearing a big smile, arrived in New York today for his first look at the "Big Fella Place."

He found it was the "one we get up no good" of his first look at the "Big Fella Place."

By last, Robert Salas, 42, son of a reformed Solomon Islands head hunter, meant the biggest surprise of his life.

He was amazed that the Empire State building looked just like the tattered pictures he had carried half-way around the world.

It is "high up too much" he declared in pidgin English, meaning the building is very tall.

Salas, a Seventh Day Adventist missionary, arrived on the liner Mauretania after a visit to England, France and Switzerland.

Knocking off a friendly parade by brandishing an eight-foot war spear, he said his voyage on the big ship was much more jelling than a war canoe.

Big Arsenal Is Planned For City

Negotiations Open For 100-Acre Site Of Ordnance Depot

Edmonton will soon become the arsenal for the Canadian Army in the west if present plans materialize.

Monday night before city council, Major General M. H. S. Penhale, commanding officer of Western Command here, made application to purchase 100 acres in Westmount district as site of a \$100,000 ordnance depot.

A spokesman for the army in Ottawa said the new unit would be comparable to the depot at Longue Point, Montreal, Canada's largest ordnance depot.

At present the army has no major ordnance plant in the west.

The spokesman also described the project as taking up to 20 years to complete. Its various parts would be put to use as completed.

The site sought here includes 100 acres in a triangle park on 142 street between 114 and 109 avenue, and east to 133 street, bordered on the south by the CNR tracks.

Negotiations were opened by Major-General M. H. S. Penhale, Western Command, and Lieutenant-Colonel, Weir and Bennett, staff officers.

TO FINANCE COMMITTEE
Aldermen Monday night referred the proposal to the finance committee for consideration.

The Westmount and railhead area would be utilized as sites for an administrative area for headquarters and a large number of warehouses, workshops, central administrative building, mess hall and single quarters.

This property is located between 109A and 114 avenues and 142 street and the CNR right-of-way.

Westmount and Woodcroft subdivisions, immediately south of the CNR right-of-way is required for the construction of quarters and other facilities for married personnel.

60 ACRES FOR FAMILIES
Approximately 60 acres will be utilized for the purpose of facilities for the married personnel.

City Commissioner John Hodgson said the city council is anxious to purchase the property as a site for an ordnance depot.

He intimated that 150 homes would be erected at an estimated cost of \$12,000,000, and that other structures to be erected would cost about \$1,000,000.

Town Planning Commission will be requested to deal with rezoning of the property for army purposes.

Jockey Cliff Potts Draws Suspension
For crowding and failing to give horses racing room on the inside square after the start of the first race, Jockey Cliff Potts has been suspended for five racing days commencing Thursday, May 26.

It was announced today by George W. Schilling, presiding steward.

TWO IN HOSPITAL
L. H. Tremblay, Morinville, craze-racer in Synovial's car, was injured when his car was driven by Steve Synovial, 3197 100 street, met in a near head-on collision on the St. Albert Road last night.

Big Fella Place 'Appears Now Me Get Up No Good'
The black-skinned missionary is one of the civilized Fuzzy Wuzzies. About 40 years ago the tribe was persuaded by missionaries to give up chopping off the heads of enemies and also saving the skulls of deceased members of families. During the war, Salas and thousands of other converts gave vital information to U.S. marines. He received a citation.

Salas was brought here by the Australian Charge in London through the country for 12 weeks. In an effort to spur contributions for missionary work.

Imperial Will Erect Pipeline to Lakehead

Start Is Indicated In Near Future

REGINA, May 25.—(CP)—Imperial Oil, Ltd., will build a pipeline from Edmonton to the head of the lakes in the near future.

The part from Edmonton to the lakehead, indicated today in an address to the Regina Chamber of Commerce.

He said it is a development which the company is actively pursuing.

The part from Regina to the lakehead, another 150 miles, will proceed simultaneously to some extent of terminal facilities.

It is understood from Mr. Howett's remarks that the extension from Regina to the lakehead, another 150 miles, will proceed simultaneously to some extent of terminal facilities.

Normal Crop Is Forecast By Minister

Alberta farmers should harvest a normal crop this year, despite a lack of moisture during the early spring.

Hon. David E. Smith, minister of agriculture, said today heavy rains in many parts of the province today and yesterday have brightened crop prospects.

"Rain is coming at an opportune time, and with adequate moisture in June and July, we should have a normal crop year," Mr. E. said.

POOR TO FAIR
Prior to the rains, moisture conditions in the province ranged from poor to fair, although rains in southern Alberta and the Peace River area and light showers in other sections had improved crop prospects.

Department of agriculture crop report shows wheat seeding nearly completed, and that average grain seedlings from 5 to 50 per cent completed.

Germination has been fair, but lack of moisture resulted in patchy growth in many areas. Wheat is now from two to five inches above ground, and early sown coarse grains are showing.

Sunday night's dipping temperatures, combined in some crop and garden damage, particularly in the Vermilion area where 25 degrees of frost were recorded.

SOME FROST
District between Penhold and Lac La Biche reported eight to ten degrees of frost, and slight frosts from one to three degrees were reported at Grande Prairie, Calgary, Lethbridge and Medicine Hat.

Rains are expected to curb grasshoppers, which had been traveling rapidly in southern districts. However, it is fair to good condition, although pasture growth is slow and extra feed will have been required, the report states.

Butterfat receipts by creameries are slightly more than the period last year when poor road conditions hampered cream deliveries.

Baptists Plan Big Gathering

Twelfth annual gathering of the Edmonton Peace Union Association of Baptist Churches will be held in the St. James' Baptist Church, Grande Prairie, June 8, 9 and 10.

Rev. George M. Edwards, moderator, will preside, assisted by Rev. J. H. Stewart and Secretary W. E. Stewart and Secretary W. E. Stewart.

Special address will be delivered by Rev. O. E. Daniel of India and Vancouver.

Other special addresses will be given by Rev. W. Watts and Rev. J. H. Stewart.

A large number of clergymen and lay church members from many sections of the province are expected to attend.

West Provinces Form Police Association

Thirteen delegates representing police forces of eight western cities yesterday concluded a two-day convention here which saw the formation of the Western Canada Police Association.

Chief aim of the organization, according to first president Fred Van der Vliet, is to "bring every legitimate and reasonable effort to maintain a just, impartial and efficient police force."

The association will also do its utmost to promote and advance the moral and economic welfare of each police officer," Mr. Van der Vliet said.

THREE PROVINCES
At present embracing only Saskatchewan, Alberta and British Columbia, the WCPA will strive to increase in time, all eligible police organizations west of the Great Lakes.

Delegates were welcomed Monday by Edmonton's Chief Constable Reginald Jennings.

Two evening and a matinee performance of the Shrine traveling circus drew nearly 16,000 Edmonton adults and children to the Arena Monday and Tuesday, as fine clowns and trained animals did their tricks for a captivated audience across the country.

Yesterday afternoon's show, planned to a packed house of 6,000, will be repeated through Saturday afternoon evening, when certain will come down on the six-day circus.

Early one of the best shows to come to Edmonton, the 24-act show is playing to capacity audiences from coast-to-coast under the Shrine's annual humanitarian projects aimed at helping crippled children everywhere. This year's presentation here is being held under joint sponsorship with Edmonton Rotary Club.

Aside from a cancellation of the entertainment at Monday night because of faulty equipment, the entire two-and-a-half

Stage Is Ready For Plow Match

Farmers Take to Fields On June 8 at Oliver

Soil and fur will both fly at Oliver farm on June 8 when Edmonton and district Tilling and Plowing competitions will be staged.

Prizes totalling \$483 plus six perfectly good cigars will go to the winners of the annual event, sponsored by Edmonton Junior Chamber of Commerce.

J. Douglas Shaw, chairman of the agriculture committee of the Junior Chamber, is chairman of the committee in charge of the competitions with J. E. Duggan, vice-chairman. Both are good solid farmers.

James Shearer, farm manager at Oliver, will judge the tilling with J. Parkinson, farm mechanic in-structor at Oude agricultural school, judge the plowing.

ALL OPEN
Judges serve through the courtesy of the Provincial Department of Agriculture.

The competitions are open to all farmers, their sons and hired men. Entries close May 21.

Entries must be made at offices of Edmonton Implement dealers.

Following the competitions there will be a banquet at Patricia's Church hall on Friday, June 10, at which prizes will be presented by Hon. David E. Smith, Minister of Agriculture.

Dairy Students Given Annual Prize Awards

The University of Alberta today announced the Alberta Dairyman's Association gold medal, the \$10 Dairy Supplies Limited prize and the Canadian Dairy and Ice Cream Journal subscription prize have been awarded Anton Oscar Aspel of Bruderheim, Alta.

The winner was awarded a diploma in dairying during the 1948-49 diploma course at the university. The university also announced the names of winners of diplomas and certificates.

The Dairy Supplies cash prize of \$25 went to Donald James Prince of Glenora, Alta., and Walker-Village cash prizes for grading and testing were awarded Robert Guy Woodcock, Calgary (200), Mr. Prince (\$80) and John Douglas Rasmussen, Spindlin, Alta. (\$40).

The following diplomas and certificates were awarded:

DIPLOMA IN DAIRYING
Anton Oscar Aspel, Bruderheim; Mervin Baskin, Shaska; Douglas Rasmussen, Calgary; Robert Guy Woodcock, Calgary; Robert Guy Woodcock, Calgary; Robert Guy Woodcock, Calgary.

CERTIFICATE OF RECORD
Alexander Joseph Cameron, Inverness; David Elmer Hanks, Millet; Byron Keith Lambrose, Claresholm; Robert Thomas Lee, Calgary; Joseph Anthony Paul, Edmonton; Donald James Prince, Glenora; John Douglas Rasmussen, Spindlin; Clyde Warren Ruger, Elmira; J. Paul Stagnell, Elk Point.

CERTIFICATE OF RECORD
Eric C. Ansley, secretary of Alberta Teachers' Association, today announced this proposal to simplify the system of certifying teachers in Alberta have been sent school division superintendents as secretaries by the Board of Teacher Education and Certification.

The changes recommended are highly desirable and perhaps long overdue," Mr. Ansley said. "They would reduce the number of certificates now being issued in the province to three from 17. The proposal is fully in accord with the policies of the Alberta Teachers' Association, which have led to the movement for a simplification of the certification system."

Under the new system certificates will be issued for temporary and professional after two years' University.

CITY TO BUY Equipment
Authorization was given three civic departments by city council Monday night to purchase \$125,000 of equipment.

Telephone system was authorized to purchase an automatic private branch exchange switchboard from Siemens Bros. (Canada) Ltd., Winnipeg.

Optimist Club Seeks Land

Optimist Club of Edmonton will operate a Boy's Centre if suitable arrangements can be made with city for a site best immediately east of property located at 11053 30th.

The club is seeking a minimum lease of 10 years on this property, a nominal rental of \$100 annually.

If land is made available it is proposed to establish a gymnasium, library, game room and pool table room for meeting and small social gatherings for club members and the boys for whom the plan is being undertaken.

Permanent caretaker will be installed at the centre.

Club officials request establishment of this centre will permit increase in the number of boys who will benefit from the program.

Commissions are recommended for the lease, but also request the proposal to the Recreation Commission for consideration.

Swine Field Day Planned

Eight annual Advanced Registry for Swine Field Day will be held at Livestock Pavilion, University Farm, Tuesday, June 14, starting at 1:30 p.m.

Field day is being held under auspices of the Alberta Committee for Advanced Registry of Swine.

Dr. H. D. Sinclair, head of University of Alberta agriculture faculty, will welcome these attendees.

NOTED SPEAKERS
Addresses will be delivered by Deputy Agriculture Minister O. S. Longman and J. G. Lechvre, Minister of Advanced Registry.

Hog carcass demonstration will feature an explanatory address by J. L. Pawley, district superintendent of livestock marketing services.

Leading officials of provincial and Dominion agriculture and livestock husbandry will be present.

Advanced registry testing station is now in operation and breeders are invited to inspect it.

Purchase price is \$20,000. The exchange will be installed in the University hospital.

Power plant superintendent W. J. Fowler was authorized to purchase switchgear equipment costing \$20,000 from Northern Electric Ltd., and rectifiers costing \$5,000 from Electric Power Equipment.

Fire department was authorized to purchase a 1,000 gallon per minute triple combination pump and engine from LaFrance Fire Engine and Foamite Ltd., for \$22,750.

Dog Teasing Proves Costly

Teasing prize dogs brought a severe reprimand and a \$5 fine from Judge C. F. Willis of the Juvenile Court to a 13-year-old boy. He and a playmate who was not apprehended had been throwing rocks at a pet containing prize dogs valued at \$300 each.

Four juveniles also appeared before Judge Willis for using air guns. Two were fined \$5 and two were released and no further action was given.

EDMONTON BULLETIN, Wednesday, May 26, 1949

Tree Planting Car Success

Enthusiastic response to the Canadian Forestry Association tree planting car during a recent Alberta tour is reported, more than 4,000 persons having attended programs.

The car has just completed a successful tour of the CPR line between Edmonton and Calgary.

Increasing interest in the preservation of soil through tree-planting was revealed, officials in charge of the tour said.

The car is now touring the Kootenai-Lacombe line of the CPR. Comfort, Monitor, Veteran, Loyalist and Coronation will be visited next week.

Sweden is one of the world's most highly utilized and progressive of states in social welfare science.

HERO'S WELCOME was given Gen. Lucius D. Clay, retired American Military Governor of Germany. New Yorkers turned out to greet him as the city staged a big parade in his honor. Riding beside the general is Robert Murphy, U.S. ambassador-at-large and political advisor to Clay.

Alexander Sees Hope For Peaceful World

POINTE CLAIRE, Que., May 25.—(CP)—Viscount Alexander yesterday offered a prayer that the sons and daughters of Canada's war dead be spared the "sacrifice" made by these "gallant comrades" and "heroes."

He spoke at a "field of honor" commemorative ceremony in one of the cemeteries provided by the last Post Fund, near the Quebec village about 15 miles west of Montreal.

On a site near the St. Lawrence River, it is one of the numerous cemeteries built by the fund during the last 40 years as final resting places for Canada's warriors.

WORTHY RESTING PLACES—Through the enterprise of the patriotic organization, 14,000 of the empire's fighting men have been found a lasting and hallowed resting place, worthy of the men themselves and their deeds," the Governor General said.

He did not believe that paying respects to the fallen should be an occasion for depression and despair.

"On the contrary it is an occasion for which we should gain fresh inspiration to carry on the work those we honor today have set us to perform."

DEEDS MEASURE GREATNESS—This was the way of progress and enlightenment and this is the mental purpose.

"To you and me who live, the call of duty is clear," he said. "It is to carry on the work of those who have died."

Age-Old Eskimo Migration Probed

Scientists Making Attempt This Summer to Fill Out Story

WASHINGTON, May 25.—(CP)—Scientists will try this summer to round out the mysterious story of age-old Eskimo migration across the frozen Canadian Arctic.

Long-buried details of the amazing trek from Hudson Bay to Greenland may lie in ancient ruins on Cornwallis Island, 1,000 miles due north of Winnipeg.

The Smithsonian Institution said today they will be studied by Dr. Henry B. Collins, one of the archaeologists, in co-operation with the National Museum of Canada.

He and his assistant, J. P. McKee of the museum, will make their headquarters at Resolute Bay.

BELIEVED ON ROUTE—Cornwallis Island is "an archaeological unknown," the institution said in a statement, but there is some evidence that it and adjacent islands were on a migration route.

"The few explorers who have penetrated this region, most of them members of search parties sent out about 100 years ago to look for Sir John Franklin, reported numerous old village sites with ruins of crude houses, made of stone and whalebones. Several are reported at Resolute Bay."

The stone and whalebone houses, Collins said, were probably made by Eskimos of the Thule culture 500 to 800 years ago.

Thule sites are found farther south in the Canadian Arctic but their relation to northern ruins as yet undetermined.

The search may also turn up new facts about the Dorset Eskimos, a mysterious race which preceded the Thules.

Happy Marriage Formula Given—FALMOUTH, Mass., May 25.—(UP)—For a happy married life, Mr. and Mrs. Edward E. Pierce offer this formula: "Work together, keep busy and make the best of things when you don't agree." The Pierces have been married 53 years.

Lightning Explosion Kills 1 In Scotland—PITLOCHRY, Scotland, May 25.—(Reuters)—One man was killed and 16 injured Monday when lightning set off explosives in the Western Glaciar tunnel, part of a big north-Scottish power scheme.

Two Reactors Set—Two reactors, both atomic power plants, have been announced for construction at the Arco station. One is a power plant now under design for the navy. The second is a plant for testing materials.

Children's Fund Gets Dried Milk—OTTAWA, May 25.—(CP)—The 10,000,000 pounds of dried skim milk the government has decided to purchase to remove a surplus from Canada's dairy market likely will be donated to the United Nations Children's Emergency fund. It was learned here.

Grass-Burning Declared Waste—ASHBURY, Mass., May 25.—(UP)—Burning grass is just like sending money up in smoke, according to A. B. Beaton of the Massachusetts soil conservation service. He estimates that \$4 worth of valuable nitrogen is destroyed every ton of grass or leaves is burned.

Atomic Village Needs New Jail, Airport

By Bob Leighton

ARCO, Idaho, May 25.—(AP)—This little community, selected as the site for atomic reactor plants, needs a new jail and airport.

Although construction won't start on any of the plants this year and negotiations for the site are still incomplete, Arco's 600 people are preparing for the boom.

The station—to test new types of reactors or "atomic furnaces"—ultimately will cost millions of dollars, although officials of the Atomic Energy Commission have said expenditures in the first years will be relatively small.

Two Reactors Set—Two reactors, both atomic power plants, have been announced for construction at the Arco station. One is a power plant now under design for the navy. The second is a plant for testing materials.

Whoooping Crane Is Found Dead In Saskatchewan—SASKATOON, May 25.—(CP)—A whooping crane, that rare and almost extinct big white bird, has been found dead at Cavell, Sask., 100 miles west of here, by J. Wira-chowsky, a Traitor district farmer. It was learned here.

Apparently the bird had been dead for approximately three weeks, but because of the condition of the carcass, it was difficult to determine how it had died.

RCMP at Wilkie, Sask., was notified and brought the carcass to town. It was later checked over at North Battleford by Morris Ferrie, secretary of the Saskatchewan Fish and Game League, and then sent to Fred G. Bard, curator of the provincial museum.

Children's Fund Gets Dried Milk—OTTAWA, May 25.—(CP)—The 10,000,000 pounds of dried skim milk the government has decided to purchase to remove a surplus from Canada's dairy market likely will be donated to the United Nations Children's Emergency fund. It was learned here.

Screaming Siren Hits Deaf Ears

Road-Hogging Motorists Cut Victim's Survival Chances

By Paul Hurnmes

Edmonton traffic victim, Joseph Turner, might have lived Saturday.

But his chances for survival were lessened by Edmonton motorists who didn't heed the siren of the ambulance rushing his broken body to hospital.

Lying on his stretcher, painfully conscious, 76-year-old Turner was not given an even break to live by an even dozen motorists who wouldn't get their cars off the road.

Joe Turner was still alive after being struck hard by a truck at the corner of 99 street and 101 avenue shortly before noon Saturday. He was conscious and breathing when policemen pushing through a heavy crowd lifted him gently into a waiting city ambulance from No. 2 Firehall.

2 BLOCKS—5 MINUTES

But when driver Ed. Carlson started on his mission of mercy to Royal Alexandra hospital with his blaring siren warning motorists and pedestrians to get off the traffic lanes, the ambulance might just as well have been another vehicle on busy city streets.

From the fateful intersection where Turner was struck, to 101 street and 102 avenue, Driver Carlson was forced to weave in and out between moving cars and shuffling pedestrians for nearly five agonizingly long minutes. One vehicle deliberately pulled out from the curb into path of the ambulance. Another kept edging ahead directly in front of Carlson's screaming siren. A third cut in front at 101 street.

DRIVERS OBLIVIOUS

And all the while traffic kept coming and going; drivers seemingly oblivious to the wailing siren which pierced the air.

"It's like this many times when we have an emergency," said Carlson angrily, glancing back to take a quick look at Turner, by now becoming weaker. "They won't move. Some of those drivers don't even know what this siren means."

The screaming warning cut through his words. There is a bylaw in the Vehicle Code regarding serious offences such as auto owners continuing to move in the same traffic lane as a speeding ambulance, fire truck or police car, and it carries a penalty of \$15. While there have not been many convictions on violation of Bylaw 97 in recent months, Chief Constable Reg Jennings, aware of the dangerous situation, issued warning to motorists who continue to violate the Vehicle Code.

CRACKDOWN DUE

"This is a highly dangerous practice," declared Chief Jennings. "The police department will take measures to enforce the law whenever and wherever future infractions of the code occur."

Fire Chief James MacGregor also pointing out hazards of traffic violations in regard to emergency vehicles, said that there have been many instances in past months where motorists ignored warning signs on speeding fire trucks and ambulances.

Although there have been no spectacular smash-ups between ambulances and other moving vehicles, Carlson said this Bulletin reporter with him that it is "in-

WHEW!

He Nearly Got A Bang From This

PHILADELPHIA, May 25—(AP)—It was a second-hand refrigerator, but plenty cold—until owner Abraham Chester found a "hot" hand grenade inside.

Chester bought the box 18 months ago. It worked well. Monday he accidentally knocked several photographs behind the refrigerator.

A flashlight spotlighted the grenade as a hand grenade snugged in a rear air slot.

Army ordinance experts said the grenade was "live" and Chester has made sure the refrigerator is cold all over.

William Howard Taft was the first President of the United States to use an automobile regularly while he was chief executive.

DEPUTY PREMIER Tralcho Kozlov, above, Bulgaria's No. 2 Communist, was ousted from his post in a growing Communist Party purge of members who refused to take orders from Moscow, according to an official Sofia report.

Public debut of fluorescent lighting took place in New York City on April 21, 1938.

House of Lords Moves To Tap Idle Funds

By Alan Harvey

LONDON, May 25.—(CP)—The House of Lords may move to tap a treasure trove which includes wealth of South Sea speculators and Britons who emigrated to Canada in frontier days.

It is expected to do so this week on a motion by Viscount Samuel, government leader in the upper house. The motion will stress the importance of encouraging voluntary action for social welfare.

He will be supported by Ramsay Beveridge, author of the famed wartime report on social service. Lord Beveridge will suggest a Royal Commission be appointed to inquire into Britain's "dormant monies."

MILLIONS ACCUMULATING

There are the millions of pounds accumulating in banks to the credit of charity trusts which may have outlived their usefulness or become obsolete. Lord Beveridge says money now lying idle could

be used to promote welfare work and assist organizations which are handicapped by lack of funds. Dormant accounts are believed to total £160,000,000 (£80,000,000 in total). The South Sea Company, which started in 1694, is believed to have accumulated £1,000,000 in profits.

Apart from these sleeping millions, large sums accrue from unclaimed dividends on government stocks and dormant balances. He also inquired into share. One famous instance is that of the southeast bubble of the early 19th century. The South Sea Company, with a trading monopoly in the Pacific Ocean, made a deal with the government for new commercial privileges. Thousands bought shares in the company before the bubble burst.

"ARREST ON ARRIVAL" was dubious distinction accorded Worth W. Caldwell, vice-president of Optimist International in his reception here Monday night. Arrested by members of Optimist Club and city police he was whisked away to Optimist reception at Macdonald hotel. He is shown with Constable Red McNeil en route to hotel in Black Maria.

Drew Here Tomorrow To Open Campaign

National leader of the Progressive Conservative party will open his Alberta campaign in Edmonton tomorrow.

He will arrive over Canadian National Railway at 8:15 a.m., and will be accompanied by Mrs. Drew, and members of his staff.

Local party organizations have planned a busy day for the leader during his visit here.

Press conference is planned for early Thursday morning following which Mr. Drew will meet candidates from the Northern and Central Alberta ridings.

At noon he will be guest at a luncheon at the Macdonald hotel which will be attended by executive officers and candidates from district party organizations.

Visits to the Col. McEwen and veterans hospital at government house will be made by Mr. and Mrs. Drew during the afternoon. A public reception will be held at the Trocadero, 103 street, between 4:30 and 6:30 p.m.

At 8:15 p.m. the Tory leader will address a public meeting to be held in the Stock Pavilion, Exhibition grounds.

Russ Henderson, Calgary, president of the Alberta Progressive Conservative Association will be chairman of this meeting. The speaker will be introduced by Ray Miller, party's candidate in the Edmonton West riding.

Bridge Work Soon Finished

Old Low Level bridge again will be ready for north bound traffic within 30 days, J. D. A. Macdonald, acting city engineer announced today.

Crews are now working on raising deck level to meet new parallel structure. When completed the bridge will be utilized for north bound traffic.

Two lanes of south bound traffic will pass over the new bridge. Work on lowering the south end of the 106 street bridge, and the reworking of the structure is now proceeding. This project will be completed within two months.

Crews are working also on sidewalks on the new Low Level bridge. Material for the walks was not received here until this morning.

Pending completion of walks, sidewalks on the old bridge are being opened for pedestrian traffic.

California Marks '49er' Anniversary

State Marks Most Colorful Year of Its Colorful Past

By Ruth L. Scammon

SAN FRANCISCO, May 25.—(CP)—California the land of the "Days of '49" and the Gold Rush, is celebrating the most colorful year of its three-year centennial.

Although the Golden State has undertaken the sizeable task of celebrating its 100th birthday during 1948, 1949 and 1950, the day of the "49er" are best known to the rest of the nation.

3 DISTINCT PERIODS

California is the only state that needs three years to observe its centennial. The reason is that there were three distinct periods in its history, the first of which drew a gold-frenzied population from throughout the nation and the third formation of a state.

The centennial program has been set up this way by the California Centennial Commission: 1948—Discovery of gold. 1949—The gold rush. 1950—Statehood.

DISCOVERY CELEBRATED

Last year, the success of the commission in re-ordinating a three-year program was proved when hundreds of people in small mountainous gold mining communities and elsewhere through the state held their own celebrations of the discovery of gold.

The observance started the first part of last year with a pageant at Hill Country parade, complete with Hollywood-style floats, the little town of Coloma in El Dorado county where gold was first discovered by James W. Wicks in 1848.

The pageant was owned by Capt. John Sutter.

TREK OF THOUSANDS

Thousands of people trekked to the small community, population 170, which was probably more people than the mountain town had seen since the gold miners flooded the territory in 1848.

This year the state's communities will again hold celebrations, this time commemorating the gold rush. As a key feature of the centennial celebration for 1949, the centennial commission has completed a historical survey on the western, California's duplicate of the Freedom Trail.

TO TRAVEL WIDELY

This travelling museum will be driven during 1948 and 1949 from Mexico to Alaska. The caravan consists of a priceless collection of original documents and objects that highlight a series of historical sections, each dealing with a specific period in the state's colorful history.

The rare historical items, ranging from a brass box Sir Francis Drake used on California's shores in 1579 to the gold spike that linked the first transcontinental railroad, are being taken around the state.

Malaria, caused by the bite of a mosquito, causes 3,000,000 deaths annually.

NIGHT NURSE has been invented by Dr. Sydney Norton Baruch, wartime inventor of a depth bomb. The new gadget not only rocks the baby to sleep, but plays a lullaby from a recording of its mother's own voice.

Bill Lawrence Newest Popular Singing Star

By Jack Gaver

NEW YORK, May 25.—(BUP)—The newest success story among popular singers concerns a handsome, well-built young man named Bill Lawrence. It's hardly possible that you can avoid hearing him in some form or other before the year is out.

The latest evidence of his rapid climb is his contract to replace Perry Como on the NBC Summer Club broadcasts during the summer months when that star takes a well-earned rest.

Lawrence had a yen to sing when he was graduated from high school in East St. Louis, Ill., but there didn't seem to be any opportunities at home. He went to California, where he worked days as a messenger and nights as a theatre usher to get money for vocal lessons.

He made the rounds of amateur contests and as a result of winning one, he got a three-week contract to sing in a theatre. There he was heard by Ritchie Valens, formerly associated with Frank Sinatra. Valens told him to get the band leader about Bill and Dorey signed him as a band singer.

TOURED WITH DOREY

Lawrence learned a lot of things in a year of barnstorming with Dorey but he was completely unknown when he arrived in New York for the first time with the band less than a year ago.

Valens then took Lawrence to George Evans, publisher who had figured prominently in Sinatra's

whirl to success. Evans thought something could be done.

Lawrence was first placed on a "Talent Scout" radio program. He was the winning contestant, and as do all such winners, automatically got a brief engagement on Godfrey's morning program.

The difference was that he stayed on it as a regular vocalist. Later Godfrey put him on his "Merrill Lynch" program as a feature.

KEEPS OTHER JOBS

Replacing Como doesn't mean that Lawrence will drop his other jobs. He'll still work both radio and video with Godfrey.

And that RCA Victor records has him under contract and he is rapidly becoming one of the best-sellers in the recording industry.

Evans is deluged with radio, video, theatre and movie offers for Bill, but every move is planned carefully and he isn't being rushed into anything just to make a

round a long time, he is only 22 years old.

Lawrence learned a lot of things in a year of barnstorming with Dorey but he was completely unknown when he arrived in New York for the first time with the band less than a year ago.

Valens then took Lawrence to George Evans, publisher who had figured prominently in Sinatra's

Lovers' Quarrel Healed After Half Century

POMONA, Cal., May 25.—

(BUP)—A 72-year-old retired copper smelter worker is looking forward to his first wedding anniversary with his fiancée of almost 50 years ago.

The couple, Mrs. Amanda K. Bean, 71, of Pomona, Cal., were married April 7, ending a lovers' spat that took Cupid half a century to repair.

The bride said she became engaged to Hart in 1900 in Longburgh, N.M. They quarrelled and went different ways.

She married Abel C. Bean, a young merchant and reared seven children before Bean's death. The widow's sister, Mrs. Sarah Clark of Pomona, located her in Redlands where he was living alone after his wife's death four years after his first marriage.

Mrs. Clark got them together and the couple were reunited after a six-month courtship.

Before violet perfume was produced synthetically, it required 25 tons of violets to make one ounce of natural perfume.

Imperial Oil Says 15 Sask. Wells Fruitless

REGINA, May 25.—(CP)—The Imperial Oil Company drilled 15 wildcat wells in Saskatchewan from 1939 to 1946 but not one had a good showing of oil or near commercial gas flow. F. B. Clare of Calgary, company geologist, told delegates to the annual convention of the Saskatchewan Junior Chamber of Commerce.

The seven-year program cost Imperial Oil nearly \$4,000,000.

"However, much the same results underlie Saskatchewan as Alberta," he said. "It is reasonable to assume that discoveries of oil in Saskatchewan will result in an active program of exploration is undertaken."

LEDCU TURNING POINT

Before the discovery of Leduc in Alberta two years ago, Canadian oil reserves were less than one year's consumption and Canada was importing 90 per cent of its oil.

The discovery of new fields in the last two years increased the reserve nearly eight times what it was in 1947.

Rain Overlooks Hardisty Area

HARDISTY, May 25.—No rain to speak of has fallen in this district since the spring and pastures and gardens are suffering badly.

Summer-planted crops are not suffering yet, but work and seeding in stubble fields show soil very dry and dusty.

John Dia de Solis, a Spaniard, discovered Uruguay in 1516, but the Portuguese were first to settle it—in 1600.

HERESY CHARGE against Emmanuel College, an all-girl institution in Boston, was made by Evelyn Uberti, 22, (left) and Doris Coulombe, 22. Both girls are seniors to be graduated June 7, but resigned because, they said, the school is teaching there is salvation outside the Catholic Church.

Car Circles Speculate On Possible Price Cuts

By David J. Wilkie

DETROIT, May 25.—(AP)—Automotive circles speculated today on whether General Motors' latest price cut will start another round of reductions in the industry.

The conclusion in most cases was that some cuts might be made but that in most instances they would be of relatively small amounts.

When G.M. cut its price tags \$10 to \$40 last February most of the car makers followed with varying reductions. They ranged from \$12 to \$30 by Ford to from \$18 to \$33 by Kaiser-Frazer.

CHRYSLER EXCEPTION

A notable exception in the price-cutting procession was Chrysler Corporation. A day before the first G.M. cut Chrysler introduced a new line of 1949 models with higher price tags. The increases ranged from \$16.35 to \$117 on the Plymouth models and from \$141 to \$252 on the Chrysler line.

At that time Chrysler's president, K. T. Keller, said higher prices were inevitable.

"No significant drop in labor costs or prices of materials is as yet even in prospect and much less in evidence," he said.

CUTS DONT BALANCE BOOSTS

Much of the price cutting specu-

lation, of course, centres again around Chrysler. But like all other carmakers, Chrysler is keeping its plans secret.

Throughout the industry price cuts always are made on short notice. From the manufacturer's standpoint the reason is logical. Even a rumor that any one company is planning a price reduction or a major design change is reflected immediately in large order cancellations or tightening up of demand.

None of the reductions made so far this year begin to balance the advances that have been made since the war. Yet, in the case of Kaiser-Frazer the reduction accounted for a major part of the \$3,805,298 net loss the company reported for this year's January-March quarter.

SYDNEY, Australia.—(CP)—In a seal wave a shopkeeper here put out a tin filled with water with a printed card: "Don't Touch. This Water is for Dogs Only."

St. Laurent Gets Home Nomination

Newsman's Liberal Victory Forecasts Held Too Modest

By The Canadian Press

Prime Minister St. Laurent now is officially—and personally—in the fight for Canada's June 27 election.

The 67-year-old prime minister, campaigning for a personal mandate in the developing national campaign, was nominated yesterday in home riding of Quebec East, where he first won entry to the House of Commons in 1947.

While Mr. St. Laurent was accepting nomination, George Drew, Progressive Conservative leader, was striking deeper into the west with a campaign speech at Melfort, Sask., while M. J. Coldwell, CCF leader, opened his Ontario campaign at Napawan, Ont. with an outline of CCF senate reform plans.

CONFIDENT OF VICTORY

Mr. St. Laurent, who succeeded to the Liberal leadership last August and the prime ministership last November, told his nominating convention he is confident of Liberal victory.

"The newspaper men have been too modest in their estimates of the size of the Liberal victory in the forthcoming federal election," he said. "I am confident that the Liberal victory will be much larger than even the newspaper men have been forecasting."

DREW FOR MARKETING BOARD

Mr. Drew, speaking in an agricultural riding, said his party believes in agriculture marketing boards through which producers would have an opportunity to say how their products should be marketed. It stands also for a return of the Canadian wheat board to its one-time status as an alternative to the open market as an agency for marketing of wheat.

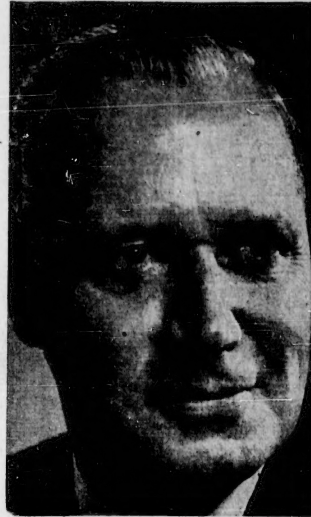

He repeated his claim that neither the Liberal nor the CCF parties will be able to form a government after the June 27 vote. The Progressive Conservatives can win a substantial majority in the Commons with only 37 seats.

GOLFER GETS BIRD THEN GETS BIRDIE

ALBUQUERQUE, N.M., May 25.—(AP)—Bob Dogger got two birdies on the same hole at the New Mexico University golf course.

One of them had feathers. Dogger teed off for the first hole and the ball smacked a bird in mid-air. He also got a birdie—the golf kind—on the par-four hole.

Army Forced to Curtail That 'Stay North' Urge

OTTAWA, May 25.—(CP)—Believe it or not, army officers by "stay north" and today, Canada's troops were in the confusion. News reports made it clear that the army was forced to curtail its "stay north" urge.

The army's "stay north" campaign, which was launched in the winter of 1943, was a success in many respects. It resulted in a large number of troops being kept in the north, and in a number of cases, it resulted in the army being able to keep its troops in the north for a longer period of time. However, the army has now decided to curtail its "stay north" campaign, and to allow its troops to return to their homes in the south.

HE WASN'T TAKING CHANCES

HERLINA, Ark. May 25.—(AP)—Hitler's "stay north" campaign, which was launched in the winter of 1943, was a success in many respects. It resulted in a large number of troops being kept in the north, and in a number of cases, it resulted in the army being able to keep its troops in the north for a longer period of time. However, the army has now decided to curtail its "stay north" campaign, and to allow its troops to return to their homes in the south.

It resulted in a large number of troops being kept in the north, and in a number of cases, it resulted in the army being able to keep its troops in the north for a longer period of time. However, the army has now decided to curtail its "stay north" campaign, and to allow its troops to return to their homes in the south.

'Young Pioneer' Success Tops German Red Hopes

By Karl Heinz Schwab

HERLIN, May 25.—(AP)—Hitler started indoctrinating German youth in Nazism at the age of 10. But the Communists now ruling Eastern Germany start with the six-year-olds.

The "Young Pioneer" movement in Germany is a success story. It has been able to attract a large number of young people, and it has been able to keep them in the movement for a long time. This is a great achievement for the movement, and it is a testament to the success of the movement.

Delegates Gather At Alberta WI Meet

Edmonton Focal Point For 25th Convention of Women's Institute

More than 300 women from the halls of the Arts Building at the University of Alberta this morning as registration opened for the 25th biennial convention of the Alberta Women's Institute.

The women are living in residences at the University and will be here for the three days of the meeting.

Sessions began this afternoon and will continue through to Friday afternoon with a meeting of the rotating council that evening and a meeting of the new council Saturday morning.

Selection of new officers will take place tomorrow morning.

President of the WI is Mrs. E. E. Morton of Vancouver. She welcomed the guests today and introduced members of the council.

Special guest of the convention will be Mrs. M. Macmillan of Prince Edward Island, president of Federated Women's Institutes.

DELEGATES HERE
Attending the convention are the following officers and directors of the AWI: Mrs. A. B. McGorman, vice-president, Mrs. L. D. Smith, treasurer, both of Penhold; Mrs. G. G. Strong, secretary, Veggieville; Mrs. D. W. Patterson, Grande Prairie; Mrs. S. Leford, Viking; Mrs. T. H. Hoxby, Millet; Mrs. E. C. Hutchinson, Warner; Mrs. A. B. Rooney, and Mrs. H. Bailey are membership conveners. They may be contacted at 54827 and 27594 respectively.

Two new members were welcomed to the club, Mrs. P. H. Rooney and Mrs. H. Bailey are membership conveners. They may be contacted at 54827 and 27594 respectively.

Church Group To Hold Sale
Evening group of St. Paul's church will hold a sale of pajamas, nightgowns and home cooking at Givens' Flower Shop, 930 118 Ave. Friday at 7 p.m.

Brave Pigeon
During World War I John St. John, a young pigeon, delivered a message after his foot had been shot away and his breast torn by shrapnel.

St. John's WA Organize Thursday
Evening branch of the Women's Auxiliary of St. John's Anglican church will hold an organizational meeting in the parish hall Thursday at 8 p.m.

Meetings of the group will resume the fall.

Rainy Skies Fail To Dampen Spirit Of Race Enthusiasts

Bone-dry weather has prevailed in Edmonton and district, until the opening day of the spring race meet.

Yesterday thousands of racing enthusiasts were at trackside for the first day of the main race meet.

Just before the fifth race, the Victoria Day Handicap, a shower of rain passed over the sky.

Among those refusing to have their interest in the races dampened by the rain were Dr. and Mrs. Harold Knight, Mr. and Mrs. William Noak, Mr. and Mrs. John Beeson, Mr. and Mrs. James O'Neill, Mr. and Mrs. Van Houten, Mr. and Mrs. Gordon Weir of Calgary, Mr. and Mrs. David Lohrer, kind Midlandville, Jean Willis, Mary Lowe, Allan Knight, Joan McLeod, Mr. and Mrs. H. A. Lowe, Mr. and Mrs. E. N. Kennedy, Mr. and Mrs. Harry Johnson and Mr. and Mrs. Norman Campbell.

Seven Teachers To Be Honored

Resisting teachers in Edmonton will be honored at a banquet in the Masonic Temple Friday at 6:45 p.m.

Sponsoring organizations will be Edmonton Teachers' Local, Ed.

Reception To Honor Two Ministers

Reception will be held Monday to honor Rev. Maclachlan Miller on his return from Scotland.

Members of the First Presbyterian Church, congregation will welcome back Mr. Miller who has been studying at the University of Edinburgh for the past six months.

Rev. Dr. Thomas Murphy will be another guest of honor at the reception. He has been studying at the University of Edinburgh for the past six months.

Mr. J. P. Lindsay is in charge of the arrangements. The affair will be held in the social room of the church at 8 p.m.

mon Intermediate Teachers' and Edmonton High School Teachers' Associations.

Guest artists and speakers will contribute to the evening entertainment.

Referring teachers are Mrs. C. B. Patten, art teacher at Macleod Intermediate; Miss M. B. Hickey, grade five at Garneau; J. N. Padden, music supervisor of Edmonton schools; J. C. Ferguson, grade nine at Spruce Avenue; J. MacLachlan, principal of Highlands Elementary; G. Martin, principal of St. John's school; and J. G. Hickey, principal of Strathcona High school.

Immediate application of a coat was coating is advisable for a rain to conserve its color and texture.

Women's Group Members To Be Hostesses at Drew Reception

The weatherman frowns but Edmonton hospitality will shine for the visit of George Drew, national leader of the Progressive Conservative party, and his charming, attractive wife.

The party associations in Edmonton have planned a rigorous round of activities for the couple.

They will arrive at 8:15 a.m. and will be welcomed by a delegation of Progressive Conservative officials. A press conference and executive discussions will keep the visitors busy until luncheon when they will be entertained by the party members.

Hospitality will be visited during the afternoon and from 4:30 to 6 p.m. a public reception will be held at the Trocadero ballroom. Members of the Progressive Conservative women's group will act as hostesses. Mr. Drew will give an address in the evening. They will remain at the pavilion to meet city people.

Vancouver Announcement of Interest Here

Announcement has been made by Hon. W. C. Woodward, former Lieutenant-Governor of British Columbia, and Mrs. Woodward, former Minister of the Interior, of their engagement to their youngest daughter, Mary Twigg, to a son of Mrs. Harry A. White and the late Mr. White of Vancouver.

Mr. White's father was a well-known member of the Alberta Bar, and he is a grandson of Mrs. H. A. Magdon and the late Mr. Magdon, well-known architect of Edmonton.

Miss Woodward was born in the University of British Columbia, and is a graduate of the University of British Columbia, and is a graduate of the University of British Columbia, and is a graduate of the University of British Columbia.

Wedding will take place in the autumn.

Lady Jaycees Hold Reception at Garneau

Wives of Visiting Delegates Honored At Tea in Foyer of Garneau Theatre

Colorful spring blossoms filled the foyer of the Garneau theatre recently when members of the Ladies' Junior number of Commerce entertained.

The reception was held in honor of wives of visiting delegates to the Junior Chamber of Commerce regional convention held recently at the Garneau theatre.

Among the guests were Mrs. Joseph Comstock, Mrs. H. Mills, Mrs. W. Lord and Mrs. M. V. Maloney of Calgary, Mrs. Ken Martin, Mrs. Laura Cooper and Mrs. Albert Moore were other special guests.

In charge of arrangements were Mrs. J. C. Lund, Mrs. H. N. Miller, Mrs. L. Johnson, Mrs. G. MacArthur and Mrs. H. H. O'Brien.

Well-Known City Couple Pledge Vows at All Saints

In a pretty evening ceremony, performed by Dean A. J. Trendell at All Saints Cathedral, Ada Mary Alice Bruce became the bride of Ralph King Hole.

The bride is the daughter of Mr. and Mrs. N. L. Bruce, and the groom is the son of Mr. and Mrs. Harry Hole, Sr. of 125 and the guests were gathered by Dean A. J. Trendell.

Mr. Bruce escorted his daughter to an altar decorated with flowers of gladioli, snapdragons and carnations, and the ceremony was officiated by Dean A. J. Trendell.

Best man was Jack Hole of Edmonton, brother of the bridegroom. Harry Hole, Sr. of 125 and the guests were gathered by Dean A. J. Trendell.

Wedding music was played by Vernon Harford, and during the ceremony, hymns were sung by the choir.

The couple's first kiss was taken in the dressing room of the bride, and the bride's first look at her groom was taken in the church.

For her daughter's wedding, Mrs. Bruce chose a gown of white tulle with brown accessories, and a train of white tulle.

Mrs. Hole wore a dress of white tulle with brown accessories, and a train of white tulle.

Wedding music was played by Vernon Harford, and during the ceremony, hymns were sung by the choir.

The couple's first kiss was taken in the dressing room of the bride, and the bride's first look at her groom was taken in the church.

Electric trackless trolleys were though they did not come into consideration as early as 1905, at regular use until 1908.

Heath-Fraser Vows Taken by Candlelight

In a romantic ceremony at Metropolitan United Church, Lorne and Alice Fraser became the bride and groom.

The ceremony was officiated by Rev. J. McLeod Thompson, and the couple were surrounded by friends and family.

The bride wore a gown of white tulle with a long train, and the groom wore a dark suit.

Wedding music was played by the church choir, and the ceremony was a beautiful affair.

The couple's first kiss was taken in the church, and the bride's first look at her groom was taken in the church.

VERY SATIN GOWN
The bride's gown was a very satiny gown with a long train and a full skirt. It was a beautiful gown, and the bride looked lovely in it.

RECEPTION AT HOME
The reception was held at the bride's home, and it was a very lovely affair. Many guests were present, and the bride and groom were the center of attention.

BRIDE'S GROOM
The groom was a very handsome young man, and he looked very well in his dark suit. He was a very nice fellow, and everyone loved him.

WEDDING MUSIC
The wedding music was played by the church choir, and it was a very beautiful performance. The hymns were sung beautifully, and the ceremony was a very lovely affair.

Lilacs Perfume Church For Sanborn-Redlin Vows

Lilacs and lilacs headed the altar of All Saints Church for the wedding of Lorne and Alice Fraser.

The ceremony was officiated by Rev. J. McLeod Thompson, and the couple were surrounded by friends and family.

The bride wore a gown of white tulle with a long train, and the groom wore a dark suit.

Wedding music was played by the church choir, and the ceremony was a beautiful affair.

The couple's first kiss was taken in the church, and the bride's first look at her groom was taken in the church.

SISTER BRIDESMAIDS
The bridesmaids were very lovely young women, and they looked very well in their white gowns. They were the perfect bridesmaids, and everyone loved them.

BRIDE'S GROOM
The groom was a very handsome young man, and he looked very well in his dark suit. He was a very nice fellow, and everyone loved him.

WEDDING MUSIC
The wedding music was played by the church choir, and it was a very beautiful performance. The hymns were sung beautifully, and the ceremony was a very lovely affair.

AT LAST... a color remover that really works!

Yes, now you can dye dark dyes in new light shades for Spring! For the new, improved RIT COLOR REMOVER. It's better than any you ever used before! Works perfectly on practically all fabrics including cellulose and woolsens. And though a few dyes cannot be completely removed, it must ease re-dyeing is possible.

So take the color out of dark dresses, blouses and accessories... and then dye them in one of the lovely new All Purpose RIT colors or brilliant shades for Spring.

Ask for it at any drug counter! DURY

The City of Edmonton
SPECIAL FRANCHISE ASSESSMENTS
1949
The City Commissioners will sit at a Court of Revision to hear appeals from the assessment of the unimproved lands, situated in the unimproved area of the City of Edmonton, on Wednesday, June 15, 1949, at 10 a.m.
All concerned are invited to attend the said Court for the purpose of inspecting the rolls and making objections, if necessary.
J. A. MACDONALD,
City Auditor

U.K. Retaliation Aimed at Russia

Action Is Planned After Britons' Arrests in Moscow

LONDON, May 25.—(AP)—A foreign office spokesman said today Britain will "retaliate" for the arrest in Moscow of several British embassy employees, including three Soviet wives of Britons.

One retaliatory measure, a spokesman said, will be the freezing of "favourable treatment" of the Soviet embassy in London.

The spokesman added Britain also will discontinue the prompt granting of visas to Russians sent to the embassy here by Moscow.

The spokesman said Sir Maurice Peterson, then ambassador to Moscow, protested April 27 to foreign minister Andrei Vishinsky about action taken by Russia against members of the British embassy staff.

He said the action "has had the effect of making the discharge of work increasingly difficult."

The spokesman said two telephone operators, a Mrs. Ackman, and a Mrs. Whitehead, "disappeared" last October.

He said a Mrs. Burke, another telephone operator, was "imprisoned" by police after attempted suicide.

The Moscow radio said Russia has denied putting pressure on British embassy staff members.

A broadcast record kept by the Soviet Monitor said the Soviet press made May 20 by Fedor Grouse, deputy foreign minister, and called the British charge "absolutely unfounded."

He said Valukha had worked for 12 years at an oil refinery and his wife for the last six as an

embassy teacher. Both are Soviet citizens.

Another Soviet citizen, Margaret Vost, embassy housemaid for 15 years, was also threatened with arrest by the police if she did not go to the embassy here by Moscow.

He said a Miss Peters, an embassy telephone operator who was a citizen as a Soviet citizen, disappeared while returning to her flat last Jan. 17. He said Soviet police had tried to persuade Miss Peters to leave her job.

PREVIOUS PROTESTS
The spokesman said Britain previously protested on Oct. 23 and Jan. 6. He said Vishinsky refused to give any assurance the interference would cease and a short time later Miss Peters disappeared.

The case of Miss Peters, the spokesman added, was then taken up but Vishinsky failed to give any satisfaction.

Crossfield Tot Killed By Train
CROSSFIELD, May 25.—(CP)—Margaret Jean Crossfield, 18-month-old daughter of Mr. and Mrs. C. H. Crossfield, was killed today by a train at Crossfield, near London.

The child was playing on the tracks. The accident occurred near the Crossfield railway station, where a Canadian Pacific Railway passenger train near here.

Halfway officials said the youngster apparently had been playing on the tracks. The accident occurred near the Crossfield railway station, where a Canadian Pacific Railway passenger train near here.

From the detachment at Fort Lake, a pair were flown to Whitehorse by an RCMP Dakota.

First word of the crash was relayed by the searching aircraft.

Tram Strike Faces Coast

VANCOUVER, May 25.—(CP)—British Columbia's first tram strike was faced with the possibility of a transportation tie-up with the announcement today that 3,000 employees of the British Columbia Electric Railway Company had signed in favour of strike action to support their wage claims.

In a government-supplied ballot yesterday, the men also rejected the majority recommendation of a conciliation board, which would have granted the employees a 40-hour week with no reduction in take-home pay by July 15.

The employees, represented by the Amalgamated Association of Electric, Street Railway and Motor Coach Employees of America (I.L.C.) had asked for immediate recognition of the 40-hour week and an 85-cent hourly pay increase. The union's present salaries are based on a 48-hour week.

Union officials said the strike vote, backed by 85 per cent of the membership, did not necessarily mean an immediate work stoppage similar to the tie-up that paralyzed transportation systems in Vancouver, Victoria and New Westminster for 29 days in November, 1947.

Drowning Toll Reaches Five
KESNORA, Ont., May 25.—(CP)—A boating accident on Beaulieu Bay, Lake Huron, resulted in the death of a young man today.

The victim, a 19-year-old man, was the fifth person to be drowned during the last three days in the Beaulieu Bay region.

Fortunately Small
OSLO.—(CP)—Premier has had his busiest day in years recently. His agenda was turned in between 8:00 and 7:00 p.m. All were kitchen fires, grass fires, or chimney fires creating little or no damage.

Fliers Driven From Isolated Area Crash

Two American fliers were rescued early Monday evening, 11 hours after the light plane crashed and landed on the bank near the Haines road, 20 miles south of the Alaska Highway.

The plane, flying without radio, was seen by a Canadian Pacific Railway passenger train near here.

From the detachment at Fort Lake, a pair were flown to Whitehorse by an RCMP Dakota.

First word of the crash was relayed by the searching aircraft.

SHAW PETROLEUM CORPORATION OF CANADA LIMITED

(No Personal Liability)
AND SUBSIDIARIES

C. & S. PETROLEUM LTD. SHAW HOLDING CORPORATION LTD. PETROLEUM SERVICES LTD.

Serving Western Canada's Oil Industry and participating in the development of more than 200,000 diversified acres of proven or potential oil rights.

TRANSFER AGENTS: PRUDENTIAL TRUST CO., 207 Bay Street, Toronto, Ontario.

CAPITALIZATION
CAPITAL AUTHORIZED: 3,000,000 shares of \$1 par value. \$3,000,000.00
ISSUED FOR PROFIT: 1,000,000 shares. \$1,000,000.00
ISSUED FOR CASH: 1,000,000 shares. \$200,000.00
(1,000,000 shares at \$20 par value)

IN THE SHARE: 900,000 shares under option

CURRENT OPERATIONS
SHAW - COOKING LAKE NO 1 WELL is scheduled to start drilling on June 1st on a block of 10,000 acres of land located approximately 25 miles north and west of the recently completed Superior Joseph Lake discovery well where 38 gravity seals are being produced from a depth of approximately 3,800 feet. SHAW PETROLEUM CORPORATION OF CANADA LIMITED, through its subsidiary C. & S. Petroleum Ltd. (25% of C. & S. Petroleum Ltd. is held by Shaw Company) are entered into a joint development agreement with a major Canadian oil company, whereby each of the participants receives 50% of all oil or gas recovered from the entire block of leases while the agreement is in force.

SHAW PETROLEUM CORPORATION OF CANADA LIMITED has acquired under a joint operational agreement a 50% interest in oil and gas rights held under Provincial Government Reversionary to approximately 220 SQUARE MILES (180,000 acres) of potential oil land located in the Saddle Lake area of Alberta. This vast acreage block is approximately 70 miles East of the Redwater oilfield.

Two shallow test wells have been drilled on these lands the results of which indicate the existence of a heavy crude oil sand at a depth of 1,670 feet. These tests have also established the depth to the Devonian limestone at 2,100 to 2,200 feet. (The Devonian limestone is the source of shale production at the Leduc, Redwater and Scheppeg fields.) The stratigraphical information obtained from the above mentioned shallow tests is now being used as a basis for an extensive geophysical survey through which a map of subsurface conditions can be compiled. Some promising anomalies are said to have resulted in the location of the Leduc, Redwater, Scheppeg and Joseph Lake oilfields.

PETROLEUM SERVICES LIMITED is being formed as another wholly owned subsidiary of SHAW PETROLEUM CORPORATION OF CANADA LIMITED. The rapid expansion of Canada's Oil Industry is resulting in an ever-increasing need for oilfield servicing and management facilities. Petroleum Services Limited, under the personal supervision of R. L. Shaw, President and Managing Director of SHAW PETROLEUM CORPORATION, will operate modern well-servicing equipment. A sufficient number of contracts to keep this division of the parent company's organization in steady employ for some time would appear to be immediately available.

Whereas activities of Petroleum Services Limited are yet to be confined to the immediate vicinity of the Lloydminster and neighbouring fields during the first few months of operation the type of oilfield servicing equipment being acquired is of sufficient capacity to operate efficiently in such fields as the Redwater and Joseph Lake.

TO ENGAGE in the drilling production and sale of crude oil from the Company's extensive block of acreage (62,500 acres) in the Lloydminster and Joseph Lake Oil Field.

A portion of the acreage owned by Shaw Corporation in this field is considered to be proven oil land and can be developed with a minimum of risk.

AN INFORMATIVE BROCHURE including detailed maps of acreage interests held, has been compiled and is available by request from the Company's Head Office.
